

Home Style Sourcesbook: Inspirational Decorating Schemes for Every Home

Interior design is a subject close to our hearts. What could be better than coming home to a house that you love to look at as well as live in? Home style influences are to be found everywhere nowadays, from magazines and newspapers to art and architecture, from exotic holiday destinations to the fashion runways. THE HOME STYLE SOURCEBOOK contains hundreds of great ideas that you can use in your own home. It will help you decide which style works best in your property, and match the style to the way you live. Three expert writers on style and home decorations demystify the whole business for you. The book begins with Finding you Style. First, look at your property and your lifestyle, to help you define your decorating goals. Part Two of the book, The Rooms, shows you how each style works in Kitchens and Eating Areas, Living Rooms, Bathrooms, and Bedrooms. A description of the style (including a Key Features checklist of components and materials) and how to achieve it is followed by a case study of a room that perfectly exemplifies the style. With hundreds of photographs for inspiration, achievable ideas from the experts, and an extensive directory of the best home design stores, THE HOME STYLE SOURCEBOOK will guide you to create a fabulous home where you can cook, eat, sleep, relax, and entertain in style.
