

THE NURSES SECRET SON (Harlequin comics)

Sophie was coldly rejected by her lover, Daniel, and in a cruel twist of fate, wound up marrying his younger brother, Michael. Daniel left the country with hatred still burning in his heart. But when he called back home after his brother's death, the gears of fate begin to turn again! How can Sophie bear to live in the same town and work with Daniel? And why does just the sight of him make her heart flutter? Could it be because she still loves him? Or is it because of the unspeakable truth she's been keeping from him?
