

Drawing: The Ultimate Guide to Mastering Drawing for Beginners in 30 Minutes or Less (Drawing - Drawing for Beginners - How to Draw - Drawing Books - Sketches - Pencil Drawing)

Sharpen your pencils and ready your sketchpads. Be ready to capture reality into an immortalized illustration! Learn everything you need to know about drawing, its elements and the tools used to create great pieces of art as fast as half an hour. This book is for all people who come from all walks of life. It surely is a great read for anyone the young and the young at heart, men and women, rich or poor, especially beginners who want to learn the basics and become proficient in the art of drawing. It is also great for those who already have some experience with drawing but still want to cultivate their skills in order to create sketches and artworks like a pro. You will learn a lot of things, starting from the basic elements of a drawing, the uses of shading and how it can level up any illustration up to the simple steps on how to draw portraits and scenes. By the time you finish reading this book you are going to be able to know the common mistakes that beginner artists commit and learn the ways on how you can avoid them. You will also be able to know the importance of knowing your tools well in order achieve the effects that you are aiming for. Why You Must Have This Book! > In this book you will learn how to do proper shading in order to add effects and emotions to the subjects of your drawing. > This book will teach you the steps on how to properly draw a human face and how to properly draw the elements of a scene. > In this book you will learn how to utilize the different elements of a drawing up to your greatest advantage. > This book will guide you through the different kinds of pencils, paper and hand grips suited for the kinds of effects that you want to incorporate on your drawing. > This book will teach you the different principles of drawing and how the accurate usage of each principle will help you become an expert in drawing. > In this book you will learn other strategies and

techniques, aside from knowing when to use the right tools, when to use the different elements and when to apply the different principles, in order to master the art of drawing or sketching. What Youll Discover from the Book Drawing: The Ultimate Guide to Mastering Drawing for Beginners in 30 Minutes or Less! ** Why you should be able to distinguish between the different kinds of pencil shades and different pencil grips in order to draw a perfect masterpiece. ** How to determine the appropriate time to use a specific pencil grip, a specific kind of line or shade. ** Step by step instructions on how to draw simple portraits and landscapes. **The importance of the different elements of drawing on the overall presentation of your illustration. **What to avoid when drawing or sketching. **How to execute the different ways of holding a pencil.
