

Secrets of Watercolour Success (Collins Artists Studio)

Important as it is, successful watercolors require more than good technique. Often, it is the artists attitude to their work that can make the difference between a merely competent painting and one that really stands out. Confidence is the key, and for the intermediate painter, this comes not just by practicing techniques but also by developing a deeper understanding of the underlying tenets of watercolor painting. Hazel Soan, internationally successful artist and instructor, reveals the secrets of watercolor painting that are so often overlooked in the desire to capture likeness. By focusing on the practice and discipline of painting, artists will build confidence in their skills, which will lead to a more positive approach and to paintings that are both vibrant and exciting.
