(Homespun Tapes). Famed jazz musician, composer and arranger Karl Berger (winner of six Down Beat Critics Poll awards!) has devised a unique system that will sharpen any players rhythmic approach to classical, jazz, pop, bluegrass and world beat music. Working with top session drummer Kirk Driscoll, Karl demonstrates 35 polyrhythmic forms on vibes, synthesizer and piano. The understanding gained from these exercises will help musicians attain rhythmic freedom for better improvisation, while exploring untapped rhythmic possibilities. Rhythm tracks are provided, transforming the lessons into a dynamic and exciting home practice session. THREE CDs * LEVEL 3 * INCLUDES MUSIC Ive seen this method work in a most miraculous way. Students improve their timing and expand their creative potential. Its an endless source of study. Karl Berger
