

The Official Blackbook Price Guide to World Coins, 7th edition

With twelve European countries now using the Euro as their currency, collecting world coins has never been more exciting and profitable. The Official Blackbook Price Guide to World Coins provides everything there is to know about the today's prices of world coins. Plus this essential source gives you important information on how to buy, sell and grade world coins, how to collect mint errors or oddball world coins, auction sales of world coins over the past year, and international numismatic organizations and publications. With every country's coins listed, this is the perfect book to help you evaluate your own collection or to find new treasures. Special Features: An up-to-date market review that traces current trends in collecting and investing in world coins. Exhaustive information on world coins minted by the U.S. Mints. An exclusive section on technology trends impacting world coin collectors. Hundreds of illustrations to help identify world coins quickly. BUY IT * USE IT * BECOME AN EXPERT
